

This will comprise the full screen for wide screen users

This will a horizontal row of images with a sort feature available

Will link to new page on click. Only partially view current post

Ideally, this will have a way to save events to personal calendar

Pinterest page will have some styling to match Pinterest style and grid of images. The section will have a way to follow page on Pinterest

<div>Brand</div> <div>Tag line</div>	SM and XS (Mobile) Screen Size
Full Width Carousel with major selling points
